Bill:

The attached list contains items recommended by employees for inclusion in the New Building time capsule. As you will note, there are a wide variety of suggestions. We are limited in space so cannot store a large number of items.

Would you please mark any of the attached items that you would like to be stored. The ones marked in yellow were selected by John McMahon. I am soliciting suggestions from the other senior officers.

/s/ Harry

(Submitted by Pete D., OC/CSD).

**6. Microfiche of unique documents.**  
(Submitted by  DD/OS/PTAS).

7. - A collection of articles from the Post or Times of special interest to the Agency on the cornerstone date. It would be interesting to future Agency people to see what issues we were concerned with "way back then."

- Agency telephone directory.

- Photographs of Headquarters before new construction began, including aerial views.  
(Submitted by [redacted] NPIC/ESG/GAPD/RSB).

8. A microfilm/microfiche list of the true names of all of the Agency's employees as of the date of capsule emplacement.  
(Submitted by [redacted]).

9. - A 3380 direct access storage device--the mainstay of our computer storage capabilities.

- The computer code for the Agency's payroll system (not the data, just the program code).  
(Submitted by [redacted])

10. A copy of the Groundbreaking Photographs booklet from the 24 May 1984 ceremony.  
(Submitted by [redacted])

11. A copy of the 1984 special issue of Studies in Intelligence, "OS Intelligence and Vietnam" (copy forwarded by suggestor).
